- The Committee agreed the proposal is extremely well put together.
- It was noted the SDC logo was not on the document. Members asked for clarity on whether this is a settled partnership proposal and the basis of an expected planning application.
- There were concerns about the risk of flooding due to the close proximity to the river Severn. Has this been investigated?
- Are there enough health, school and community facilities?
- We welcome the quality, design and layout of the proposal, including the attention to wildlife and sustainability.
